EuroMulti II is based on modular system. It means that you can combine any drawers and deposit panels in way you need. You can build up model you need.

There are 5 Module categories according to height:

- 1 – 54 mm
- 2 – 108 mm
- 3 – 162 mm
- 4 – 216 mm
- 5 – 270 mm

While building up your own Euromulti II model remember:

- total height of any combination of Drawers must be 540mm.

Each drawer could be equipped with several accessories according to drawer height.

Available accessories are described in part 4 – Internal Accessories
